## The Magic of Winter Gardens

*Jana Milbocker - Garden Designer & Author / Joan Butler - Master Gardener / Horticulturalist*

The garden can be a magical place - even in winter! Stripped of summer foliage and flowers, the success of a winter garden lies in its structure, basic design and choice of plant material. This richly illustrated lecture provides inspiration and tips on designing your garden for winter interest, choosing the best trees, shrubs and perennials, and grouping them to create arresting vignettes. Joan Butler and Jana Milbocker are avid gardeners, plant collectors, garden designers and writers. They have presented programs at the Boston, Connecticut and Maine Flower Shows, Tower Hill Botanic Garden, Massachusetts Horticultural Society, and many garden clubs. Jana is a garden designer, owner of Enchanted Gardens Landscape Design and author of two garden travel guides which will be available for sale after the lecture. Joan is a Master Gardener and Horticulturalist at Weston Nurseries.
