

*Nurturing hearts and minds one at a time.*

**Thank you...Thank you...Thank you...**

The staff, children and families of Children Unlimited, Inc. would like to express their deepest heartfelt thanks to the Mountain Garden Club and Master Gardener, Ralph Lutjen for designing and organizing our environmentally friendly and remarkably beautiful rain garden.

We would also like to express our appreciation to Clean Air-Cool Planet and Pequawket Foundation for their financial support in making this premier venture possible.

A special thank you to the many friends of Children Unlimited and the community businesses who generously donated landscaping materials as well as plants and shrubs that was vital to the creation of our rain garden. Many of these friends also contributed many hours of hard work to this project.

*Again...*

**Thank you...Thank you...Thank you...**
