

Mountain Garden Club returns to Home, Garden and Flower Show in Fryeburg

CONWAY — The Mountain Garden Club will again be exhibiting at the Northern New England Home, Garden and Flower Show in the Craft Building at the Fryeburg Fairgrounds May 14-16. The club invites you to view "Container Garden Creations" at its booth this year.

Container gardening is the new "in" in gardening. Containers fit just about anywhere, and anything can be used. With just a pot or two you can create a new gardening opportunity, incorporating whimsy and imagination.

Take, for instance, a handmade doghouse with a roof garden of succulents, designed and planted by Wanda Allen of Creative Expressions, to keep man's best friend cooler in the summer. If you don't have room for a full-sized vegetable plot, we have planted a movable feast: two wooden barrels filled with favorite vegetables to feed the body, as well as the soul. They are portable in a utilitarian garden wagon that can be pulled

around to follow the sun. Create a soothing outdoor retreat with the three-piece Verdi-Gris bistro set and an eye-catching and elegant container to complement it. If you have only a deck or a patio and no in-ground planting space, the two-tiered, cascade planters will provide maximum garden and color in minimum space.

The club will be raffling these four container gardens created by Mountain Garden Club members, as well as an

additional four items: a 22" HD TV donated by Sound Resort; a Kodak 12MP Easy Share digital camera and HP photo printer donated by Jackson Creations; two first-class tickets for the dining car, Hattie Evans, on the Notch Train donated by Conway Scenic Railroad and; three yards of Winterwood Farm EcoBlend compost donated by GDC Garden Center. The raffle proceeds are for the Mountain Garden Club Alice T. Madden Scholarship fund that

benefits students in the Mount Washington Valley area who are pursuing a higher education in any of the horticultural or environmental disciplines.

The Mountain Garden Club, established in 1973, is a 501(c)(3) non-profit organization and is a member of the New Hampshire Federation of Garden Clubs District 1, and of National Garden Clubs Inc., New England Region. For more information, visit www.mountaingardenclub.org.
