MGC 'Hands-On' Workshop

The Mountain Garden Club held a "hands on" workshop on Monday, Nov. 15 at the North Conway Community Center. Members had the opportunity to watch a demonstration on flower arranging then were given a bundle of cut flowers in fall colors to create their own arrangements. With over 40 people in attendance, the finished products reflected over 40 different arrangements though everyone started with the same flowers. The Mountain Garden Club meets monthly and hosts speakers, demonstrations and social activities throughout the year. Be sure to visit the Mountain Garden Club Holiday Boutique, "All That Glitters" at the North Conway Community Center on Dec. 11 at 9:30 a.m.
